Putting Everything Together

Rails MVC
XHTML
Javascript
CSS
Security
Let’s do some coding!
position: relative; & position: absolute;

Lecture 6 Presentation (DOM)  
(might want to use a recursive function)

Lecture 22 Presentation (Events)  
(The basic framework for the mouse code you need)
Tips/Things to Remember

Don’t name your model attributes x and y

Change a hidden field to a text field to help debug

Draw boxes by setting top, left, width and height style properties of a div
Questions?
